Attorney for the City Liberty, Barbara Norwood, has issued a statement to KSHN Radio, and the two local newspapers, in response to former Mayor C. **Scott Parker's** release to announce his candidacy for Mayor. Parker's release was published in both papers. In the letter to the Editors, Norwood states that Parker has falsely accused her of approving his dishonest billing of expenses. Parker was removed from office, and later indicted for double billing expenses to the City and the City's Power Agency. Parker said that he still contends that Norwood and former City Manager, **Roy Bennett**, told him it was okay for him to bill the expenses that way. **KSHN** has a detailed report on the letter, and Parker's response, in today's newscasts.

Dayton Fire Department pumper trucks were called to the scene in order to put water on the leak, in hopes of warming up the valve, so it could be closed. **Jessie Christian**, of the pipeline company, said that there was no immediate danger to the public. Chevron later replaced the relief valve, and FM 1413 was re-opened to the public.
